£17.6m and the closing balance £15.9m. It was also noted that cash on hand would equate to 67.8 days, significantly above target for the sector.

The Board considered the key risk areas associated with the 2021/22 budget, including those around 19- funding and international and commercial activity. The CFO assured the Board that the Group Executive Team would be initiating a review to deliver a three-year financial plan, including addressing faculty and Apprenticeship contribution rates, Group Service efficiency models, leadership overhead, and campus breadth. It was noted that the financial plan would be presented to the Corporation at the October meeting.

The Board thanked the CFO for his presentation and approved the 2021/22 budget. All members were agreed.

7. Curriculum and Quality Improvement Plan Update

The Board received the Curriculum and Quality Improvement Plan Update report, which was taken as read, and the DCEO outlined the two main risk areas: shifting the Technology Faculty Self Assessment Reporting grade from 3 to 2, and the apprenticeships grade from 3 to 2.

JMK requested clarification around the approach to online learning across Activate Learning, and the DCEO advised that he would connect JMK with the Applied Learning Foundation (ALF) and Digital Education Teams.

Action: Connect JMK with the ALF and Digital Education Teams, to discuss Activate Learning's approach to online learning.

LN / Clerk

The Board discussed the staff recruitment and retention figures and asked for assurance that staff who had not responded positively to surveys had been contacted to examine any issues, and ensure improvements were underway. The DCEO advised that there were significant improvements required around the completion of staff exit interviews and noted that these conversations could be much more meaningful. It was also noted that a focus on personalised inductions and shifting from simply "attracting" to "retaining" good quality staff could significantly improve retention and satisfaction.

8. Group Strategic Risk Register

Upon the recommendation of the Audit & Risk Committee, the Board received and approved the Group Strategic Risk Register. All members were agreed.

9. CEO Report

The Board received and noted the CEO Report, and the CEO informed the Board of the positive feedback received during a recent meeting with the ESFA. It was also noted that the Strategic KPI Summary was attached to the CEO report as an appendix, and the CEO asked EeiveEOEe° a dt m t soar dttttttttttol'
